Background: cut 8 white 4-1/2 inch squares

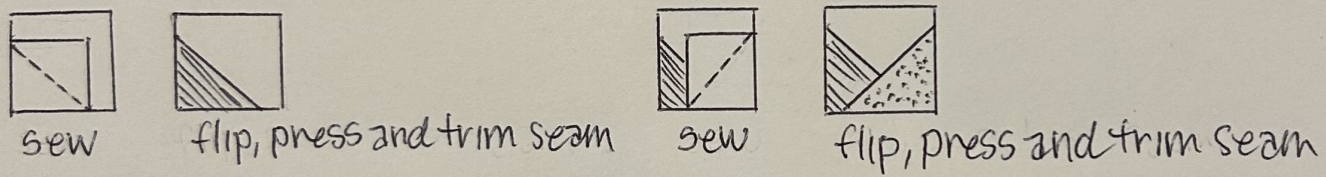

Center block colors: cut 4 different color 2-1/2 inch squares

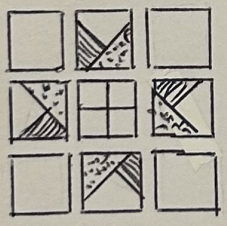

Star point colors: cut 8 different color 3 inch squares

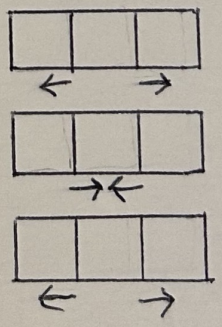

**SEWING**

1. Make the center block using the 2-1/2 inch squares. 

2. Make the star point blocks using 4 of the white background squares and your 3 inch blocks.

3. Arrange the blocks in rows. 

4. Sew three rows. For easy and accurate piecing, press the top and bottom rows toward the plain white corner blocks. Press the middle row toward the center block. 

5. Sew the rows together, "nesting" the seams if pressed as described.

**YOUR BLOCK AS SUBMITTED SHOULD BE A 12-1/2 INCH SQUARE.**
